

FEEDBACK VON ADRIAN KRAINER (SPORTSCHULE KRAINER)

From our point of view, Tommi and his company is a huge increase for our Bike Region. All the work they put into the new Flow Trail over the last year is incredible. When you ride the trail you instantly know that they know what they do. All of them are not only trail builders, they are passionate mountainbikers and thats what makes it so special. From bikers, for bikers!
